

Development Council having Fun

The Development Council of the Sunshine Foundation agreed to work the water games at the 27th Annual Progeria Reunion. Business Owners that volunteer their time to be on the Development Council also took their Saturday to work the reunion.

The Development Council helped set up, worked the water games, tore down and took pictures. They even found time to get educated on gators and to hold them. Without the volunteers the Sunshine Foundation would not be able to do activities like this.

The following members were on hand to greet the children (pictured from left in back row): David Nicholson from the Pool Captain; Paul Ferguson from Send out Cards and his wife Kim; Rob Shipe from Capri Landscaping; Michelle Shipe with Citizens Bank in Dundee; Gary Batty from Clean Reflections and his wife Nicky. Children: Kaylee, 6 from Ohio; Sarah, 6 from Indiana; Courtney from California, behind Azeddine from Morocco; Christian (sitting on grass); Jesper, 12 from Denmark; Ashanti, 6 from England; Michiel, 11 from Belgium, behind Bojorn, 7 from Netherlands; girls sitting on interrupters lap - Beandri, 4 from South Africa; Amber, 3 from Belgium.

The Sunshine Foundation grants dreams to children who are chronically ill, physically challenged or who have been abused from all over the United States. They also host a Progeria Reunion once a year for children with Progeria. For more information on the Sunshine Foundation Dream Village please visit us on the web at www.sunshinefoundation or call Gail Dillon, Development Associate at 863-424-4188 or 800-457-1976.
